METALLURGICAL POLISHING MACHINE (MMP-6)

METALLURGICAL POLISHING MACHINE (MMP-6)

The disc polisher consists of a 20 cm balanced polishing disc mounted on a steel spindle. The spindle is located on heavy duty ball bearing. The disc is easily removable for quick changing of the polishing cloth or paper, which is fastened on the disc by mean of spring or rubber girdle on the rim of the disc. Around the disc is an aluminum drain jacket fitted with drain tube.

Single Disc (MMP-6)
